

"It was an honor to be a sponsor of Operation Jump Start's 25th Anniversary Gala. It isn't often that a company finds a non-profit so in tune with the desires of its employees, suppliers and customers."

Friends of OJS.

At Operation Jump Start, we've served Long Beach youth now for over 25 years. It goes without saying, 2020 was unlike any year we've ever experienced. Naturally, we didn't know what a global pandemic meant to our great organization, but we knew safety and support would come first. In spite of a rather unusual year, our organization was able to continue to provide life-changing support and resources to the students we serve.

Make no mistake, OJS scholars and their families are impacted firsthand by the continuing pandemic. It is through mutually beneficial partnerships with local businesses that we continue to provide OJS students with essential programs to support their college aspirations.

OJS students can count on scholarships, mentorship, social and emotional counseling, and advocacy to ensure their voices are heard and their needs are met. OJS remains deeply transformative and longstanding. And all thanks to incredible donors and sponsors who make our work and its impact possible. Every single cent made a difference! We couldn't have done it without the support of our great business sponsors and partners.

If your company is interested in becoming an official sponsor to continue such critical work, we have created different packages to make your investment worthwhile. Please review the different options, we know OJS can bring value to your business as much as you're providing value to our students and their communities.

-Irene Quevedo, Executive Director
